

Electronic Health Record Lunch & Learn

When: Noon - Wednesday, May 30th

Where: Lafayette Regional Health Center

Technology is changing health care as you know it:

- Paper charts are now electronic
- Prescriptions are delivered to pharmacies using handheld devices
- Patient records are now portable
- Patients visit with their doctors remotely via flat screen TVs

Join us and learn how these advances are taking shape in Lexington.

THIS FREE EVENT IS OPEN TO THE PUBLIC. LUNCH WILL BE SERVED
